Marble Paonazzo

Marble in all its splendour. Timeless and sophisticated, this is Marble Paonazzo, the porcelain tile that embodies the elegance of marble at its best. The Marble Paonazzo series has been carefully conceived from a selection of the most balanced pieces of this marble of imposing and harmonious appearance. The white surface of Marble Paonazzo is traversed by intricate veins with a wavy, organic appearance, creating a unique visual effect that relaxes the eye and beautifies spaces. The shades of the veins vary from creamy whites to subtle greys. The pieces have a natural lustre, accentuated by a polished effect, which highlights the grey veins to add depth and character. The mineral authenticity is embodied in the pattern free design of the series that highlights the originality of each piece. The fulness of the porcelain pieces, in an impressive 80x160 cm format, testifies to the originality and beauty of the collection, immediately capturing the attention as the star element of any space.
