Panama

Panama is a collection whose design is inspired by three oak varieties that combine their most unique characteristics to create a balanced and beautiful fusion. The result is a finish that rivals natural woods, thanks to the advanced manufacturing techniques that make this perfect amalgam of micro-reliefs, shades and mottled areas possible. The level of detail in the Panama porcelain collection is astonishing, with an extremely rich and natural response to light. The surprisingly authentic finishes allow for the creation of warm and welcoming spaces, thanks to the mix of shades and textures. Panama is the perfect union of technology and design, quality and beauty; the ideal alternative to natural wood. The collection is available in Roble and Fresno finish in 20x120R format.
