## Bernini

Visual treasure. Highly impressive, this collection is a living testimony of effects and materials in perfect harmony. Bernini captures the essence of real stones from the volcanic lands of Chilean Patagonia. Inspired by the majesty of these remote and mysterious places, our designers have infused each tile with the telluric energy and ever-changing nature that characterise this region. The subtlety of the matted surface reflects the imprint of time and the strength of the natural elements, transforming Bernini into a tangible testimony to the harmony between human creativity and powerful nature. Exploring the palette of greys and whites, a play of contrasts of epic proportions emerges, with a visual dynamism that mesmerises the senses. The deep veins and exquisite details in shades of grey shimmer with intensity, conferring a fascinating depth to each tile.
