R-10**Slip resistance (CTE ENV 12633 - Pendulum)**

Slip resistance (CTE ENV 12633 - Pendulum): Clase 2

Riviere

Inspired by limestone shaped by the passage of time and water, Riviere conveys calm, elegance and authenticity. The surface of this porcelain tile is characterised by a matte, almost silky background from which subtle veins emerge that are only revealed with light, adding movement and a genuinely organic effect. This effect is amplified by InTech+ technology, which captures the tonal variations, reliefs and nuances with the maximum precision that make each piece a living surface. When walking on Riviere, you can feel the duality that defines it: subtlety and character. The calm, contemporary base comes to life through delicate veins that give it an organic movement. With these features, Riviere conquers space with the quiet elegance of the essential.
