## Marble Calacatta oro

Marble Calacatta Oro offers a contemporary take on one of the most prized marbles, with its distinctive milk-coloured veining flowing naturally over a snow-white base. The visual composition of its marked, flowing veins runs through the imposing pieces with exceptional precision, preserving the authenticity of the original designs while promoting a sense of harmonious continuity. The result is a continuous surface where the patterns and islands of colour become the absolute protagonists. Each ceramic slab conveys the majesty of natural stone, enhanced by state-of-the-art technology that guarantees resistance and durability.
