Critical sliding angle (DIN 51130 - Ramp): R-10

Slip resistance (CTE ENV 12633 - Pendulum)

Slip resistance (CTE ENV 12633 - Pendulum): Clase 1

Navona

Navona transports us to the beauty and history of this iconic place in Rome where the fountains and marble represent the ornamental, the sumptuous and the fusion of architectural styles. Navona is a porcelain tile with a travertine marble finish that captures the uniqueness, warmth and harmony of this precious stone. The digital techniques reflect the unique appearance of this porous-structured sedimentary marble, a feature that occurs in nature due to gas bubbles trapped during its creation between thermal and groundwater.
