

MOREA

Suite Morea Roble

PRICE / M2 (VAT INCLUDED)

CHARACTERISTICS

Finish: Mate

Boxes / Pallet: 48

Rectified sides

Kg / Box: 21

Style: Woods

Kg / Pallet: 984

Degree of detonation: V3 (Medium)

Material: white_body

Pieces / Box: 4

M2 / Box: 1.08

M2 / Pallet: 51.84

White Body

mm

Destonified

Installation

Installation: Coating

White paste

Suitable to tile indoor walls such as bathrooms and kitchens.

Morea

Morea offers a sensory interpretation of wood. Veins, nuances and subtle traces emerge across a surface where every graphic detail finds its counterpart in the relief. Digital InTech+ technology precisely synchronises pattern and texture, while a matt, silky finish conveys a sense of naturalness that can be experienced both visually and materially. In Roble, light reveals a pale, calm and luminous wood; in Nogal, the tones become deeper, warmer and more enveloping. Morea thus creates a warm and sensory ceramic proposal in which graphic expression, texture and contemporary geometry reinterpret the natural character of wood and expand its possibilities within contemporary interior design.
