Joy

Life on the move. Color bursts in creating an explosion of style and joie de vivre. Very subtle glossy reliefs and volumes shape a white body wall tile with different sources of inspiration: the horizontal alignment of subway tiles, the imperfect charm of rustic glazing, the colors of an extremely sensory palette. Joy commits to the brightness of magenta shades and the femininity of pink colors without disregarding the white hues and a delicate range of grey tones: Lavender, White, Velvet Pink, Burgundy, Tender Gray, Dark Gray, Atoll Blue and Peacock Green. Range available in 11x25 cm
