Couvet

Couvet blends essential tones and silky surfaces. Balanced and timeless, it evokes the colours and textures of nature in sandy tones. Its reliefs distinguish it from other smooth porcelain tiles by its sophisticated touch that suggests granite and natural stone to the touch. The Deko variant, which can be used both on the floor and on the wall, incorporates subtle plant motifs that blend in perfectly with the rest of the range and allow for elegant combinations of textures. On the wall, it is elegant to the touch and light to the eye, in the search for a sensory balance.
