Chevron

Woodwork. Can you imagine the classic geometries of parquet flooring with the performance of ceramics? The Chevron range makes it possible in a porcelain tile that replicates the characteristic geometric arrows of wooden floors. With as many installation possibilities as you can imagine, Chevron enables the combination of right and left arrows to create original sequences for domestic or commercial projects. As a tribute to parquet flooring, the range is presented in Fresno and Gris colors, recreating one of them most representative finishes of traditional marquetry. Range available in 8,5x44 cm.
