Slip resistance (CTE ENV 12633 - Pendulum)

Slip resistance (CTE ENV 12633 - Pendulum): Clase 1

Recycling

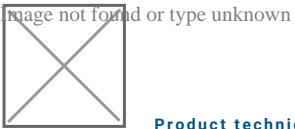

Recycled:

Basel

Improved nature. Nature is perfect but there are those who dream of improving it. Basel replicates the soft touch of volcanic rock polished by water and its texture under the light in a porcelain proposal for floor and wall tiles with an outstanding performance. The object of desire of those who seek perfection and take care of every detail, this collection goes beyond the fragile porosity of natural stone without losing the authenticity of the ensemble.
