Vesta

The fine granite texture of Vesta conveys the zen-like serenity of traditional Japanese raked-sand karesansui gardens. Pieces with a minimalist air due to their sober and serene tonalities, but in which a great deal of visual information underlies, thanks to the exceptional detail applied in the reproduction of their textures and micro-particles. Vesta is available in sand, grey, milk. As a technical innovation, it provides the unique feel of the Soft finish on floors. Its Deko version incorporates subtle wefts of thread like ceramic tweed and wall coverings decorated with parallel lines. Blossom Deko takes a bolder approach, transforming the wall into a canvas with organic waters in greens and tiles in blues or greys, depending on choice.
