Harmony

Our Decorative collection expands with Harmony, an authentic, handcrafted collection, distinguished by its hand-worked appearance and sinuous reliefs, evoking the beauty of stoneware ceramic pieces fired one by one. This series of decorative gloss tiles, available in 7.7x30.5 cm, offers a small format with great results, with a unique texture that fuses an earthy base with natural glazes. Harmony pieces come in a colour palette that includes warm and cool tones such as Bone and Moka, as well as Silver. Each colour adds a special dimension, from the serenity of the lighter tones to the depth of the darker ones, allowing a wide variety of combinations for any interior design project. Harmony offers luminosity and simplicity, a strong aesthetic presence and an enhanced sensory experience, the union of tradition and modernity in a compact and versatile format.
