LM Stone Real

Impeccable neutrality. Horizons lost into the sunset, interiors that embrace endless styles without disregarding elegance. The delicate veining of Pulpis marble is the key to LM Stone Real, a porcelain floor tile that creates enveloping spaces. In Gris and Beige colors and a gloss or matt finish, the outstanding performance of this 7 mm thick proposal contrasts with its extraordinary delicateness, allowing it to be adapted to a domestic or contract use with a total guarantee of durability. Range available in 120x120 mm.
