Porcelánico Coloreado / Full Body Porcelain

La naturaleza es perfecta pero hay quienes sueñan con mejorarla. Basel reproduce el suave tacto de la roca volcánica pulida por el agua y su textura bajo la luz en una propuesta porcelánica de altísimas prestaciones para pavimento y revestimiento.

Nature is perfect but there are those who dream of improving it. Basel replicates the soft touch of volcanic rock polished by water and its texture under the light in a porcelain proposal for floor and wall tiles with an outstanding performance.

Roca Tiles’ modular formats

Basel Grafito 60x120 R - Basel Grafito 30x60 R - Basel Grafito 60x60 R

Los formatos modulares de Roca Tiles estimulan nuestra creatividad con colecciones de grosor unificado cuyos distintos tamaños de pieza son combinables entre sí, para que el único límite en nuestro proyecto lo ponga nuestra imaginación.

Dando un paso más allá del mero proceso de rectificado, hemos establecido un grosor común para todas las colecciones y estandarizado a 2 mm el ancho de junta. Gracias a ello, nuestras colecciones modulares permiten el empleo conjunto de distintos tamaños de pieza sin problemas de encaje.

The modular formats of Roca Tiles’ stimulate our creativity with collections of unified thickness whose different sized parts are combinable between them, so that the only limit to our project is set by our imagination.

Taking one step further than the mere grinding process, we have established a common thickness for all our collections and standardized the join to a 2 mm width. Thanks to this, our modular collections allow the use of different sizes of set pieces without problems of fit.
